

---

Change is afoot like never before in the global financial profession. With recent economic and market upheaval affecting every part of our world, the time is right to re-examine assumptions about the future.

Join us in Frankfurt as some of the industry's top thinkers, including **Martin Wolf, Marc Faber, Matt King, Lutz Raettig, Amlan Roy, and Jan Straatman**, examine the possible long-term effects of these broad-reaching changes and the host of new opportunities and risks they are unleashing.
