

2010 PROFESSIONAL & CAREER DEVELOPMENT DAY

Attendee Information

An invaluable opportunity to network with the top financial and investment management talent, including CFA Charterholders, CFA Program candidates, and CIPM certificants in the greater Twin Cities metropolitan area.

Featuring career experts from around the country, as well as exhibitors and ample networking opportunities, this full-day conference is sure to provide you with insights and practical ideas no matter where you are on your career path.

More than 100 financial professionals will be in attendance to network, learn career development and management skills, and enhance their understanding of the investment management and financial services industry. The conference will include a full schedule of valuable break-out sessions following two topic tracks, Professional Development and Job-Seeker, as well as an etiquette lunch and plenty of time to network with colleagues and exhibitors.

This event is a professional development day, not a job fair. Dress for this event in business casual attire, and come ready to learn and network!
