We are currently growing our Equity Investments department with the following senior level position:

## Portfolio Manager, Equities

We are looking for an expert in index fund management to assume the role of Portfolio Manager, Equities. As a member of the Equity investment team, the Portfolio Manager oversees management of an approximately \$6 billion Indexed Canadian Equity portfolio, with responsibility for managing the portfolio within the required return and risk targets. The Portfolio Manager will be assisted by an Assistant Portfolio Manager, and will have responsibility for training and mentoring this position.

The Portfolio Manager will have a strong combination of both knowledge and competencies to successfully perform in this position. We require a demonstrated history of successful implementation of an index fund, meeting both return objectives and risk targets. The successful candidate should possess an appropriate educational background, supplemented by the Chartered Financial Analyst designation.
