We are currently growing our Private Placements department with the following senior level position:

Portfolio Manager, Private Equity

The Portfolio Manager, Private Equity is a member of the Private Placement group's investment team, responsible for management of investments within the portfolio. As part of the team, the Portfolio Manager will provide investment analysis, due diligence and selection, along with negotiation and structuring of transactions. They are responsible for bridging communications within the manager network, as well as sourcing opportunities for, and participating in, direct investments. The successful candidate will use their strong investment and analytical skills to understand specific market coverage, identify co-investment opportunities and evaluate investment performance.

The Portfolio Manager will have a minimum of 4 to 5 years experience in the investment management profession. Previous experience in infrastructure, private equity or investment banking would be an asset, as would exposure to institutional investment. Educational background should include an undergraduate degree and/or MBA with emphasis on finance and investment analysis, along with a relevant professional designation (e.g. CFA, CA - or other accounting designation, etc.)

Please visit bcimc.com for detailed position information and instructions on how to apply, citing File #162CFA, by July 14, 2010.
