

## A Word From The President

### 2018: A Landmark Year

2018 has been a very special year for CFA Society France, having attained a milestone several years in the making – reaching 1000 members! We now join the ranks of a select club of societies worldwide with more than 1000 members. The timing could not be better, with our society about to celebrate its 20th anniversary along with a very special guest: [Paul Smith, CFA](#) – CEO of CFA Institute. Lots of fun to be had at this event, so make sure to be there! Details in our events section on our website, and you can follow our email invitations.

On behalf of the board, I would like to extend our sincere thanks to all the volunteers who make this society a vibrant community, and to all the members who participate to events, share job offers, connect to each other, serve as mentors or simply share ideas with us.

Enjoy your summer!!
