25 April 2009

CFA Bahrain

Congratulations on winning the **Innovation Award** in the 2009 Society Excellence Awards Program!

Your entry clearly met the category’s criteria. Specifically, the judges felt that the society’s initiative was truly a different and unique idea. Also, the judges felt that the concept of the quiz is scalable and adaptable by other societies.

As a winner, please select one of the following prizes and notify Society Relations of your choice:

- US$3,000 to be used towards Level 1 funding initiatives (can be used in either the current fiscal year or in 2009-2010); or

- An additional complimentary (airfare and lodging) representative to attend either the October 2009 Society Leadership Conference or the May 2009 Society Leader Meetings in conjunction with the CFA Institute Annual Conference.

CFA Institute values its Member Societies and the work they do to help lead the investment profession globally by setting the highest standards of education, integrity, and professional excellence. The Bahrain Society’s award-winning efforts are a shining example of this leadership.

My fellow PCRs and I appreciate the time and effort that the society took in entering this award. We look forward to continued success for the society.

Sincerely,

Todd Lowe, CFA
Presidents Council Chair
