Dear CFA Society Hartford Members,

Thank you for the privilege of serving as President of the CFA Society Hartford for a second term in the 2018/2019 fiscal year! It has been an absolute pleasure to participate in the continued success of our local society. I am pleased to report that the CFA Society Hartford is stronger than ever due to the sustained efforts of a seasoned Board, a deep pipeline of committed volunteers and a highly capable Executive Administrator, as well as member loyalty and attendance at our events.

Some highlights of the year included the new Charter Holder Ceremony at the Society Room; a family-friendly Holiday Social at the Connecticut Science Center; our Annual Forecast Dinner at the Connecticut Convention Center (which garnered record sponsorship); our first two highly successful Women in Investment Management and Finance events (both of which were oversubscribed); our sixth Research Challenge (which attracted 10 university teams); and the CFA Society Hartford Corporate 5K Road Race (where we were once again the lead Sponsor). The culmination of the year’s activities occurred at the Annual Meeting held at Dunkin’ Donuts Park (which was followed by a social at the Hartford Yard Goats game). Important financial literacy initiatives continued, with activities held at Asylum Hill Family Center, Breakthrough Magnet School and Parker Memorial Community Center.

In addition to the robust program schedule outlined in this Annual Report, a number of important “behind the scenes” activities also took place this year. Importantly, we developed a new three-year Strategic Plan which is summarized in this report. Our mission remains intact: “To lead the local financial community by fostering excellence in ethics, education, and community engagement.” Our objectives are focused on building the profession; delivering member value; developing candidates and future professionals; and creating an infrastructure to enhance our capabilities. The Board started work on meeting the requirements for incremental funding from the CFA Institute under the “Societies 2.0” initiative. These activities included various reporting and corporate governance activities as well as more training for Board members and the outsourcing of certain professional services. In addition, the CFA Society Hartford actively participated in a new Brand Activation Campaign, focusing on social media, which was led and funded by the CFA Institute.

Just as we constantly add new activities, we also regularly re-evaluate our existing structure. Upon review, the Board voted to disband the Advisory Council at the end of the fiscal year. The Advisory Council was created at a time when the Board was struggling to attract enough volunteers to fill primary society functions. Members of the Advisory Council had legacy experience with the CFA Institute and the CFA Society Hartford, so their input was invaluable when addressing strategic issues. While we still value the advice and individual volunteer efforts of previous Advisory Council members, the Board concluded that the formality of a separate Council was no longer needed. The Board extends its sincere thanks to the members of Council for their leadership over the past several years.

On a more cautious note, we continue to be challenged by the changing demographics of our region, as major employers move operations elsewhere. While it has become increasingly difficult to keep membership above 700, we have experienced strong attendance at our events, welcomed many new active volunteers, and maintained a sound financial condition. Although the response rate to our member survey was lower than we had hoped, responders indicated high overall satisfaction with our activities as well as providing suggestions for enhancements.

The gender gap in the investment industry continues to be staggering and the CFA Society Hartford is no exception, with females representing only 17.9% of our membership. I am thrilled to report on our efforts to tackle this issue by reaching out to young high school seniors who might be considering an investment career. For the first time, we awarded $1000 “Springboard Scholarships” to two deserving young women graduating from High School Inc., who will be attending college this fall. We hope that this one first step is just the beginning of our efforts to promote women in the investment profession.

In conclusion, I would like to thank the Board and the many volunteers and members who helped make FY 2018/2019 a success. I encourage all of you to remain engaged with the CFA Society Hartford in the coming years.

Sincerely,

Juliana B. Dalton

In November 2018, the CFA Society Hartford Board and volunteers completed a comprehensive strategy planning session. The goal was to review the mission statement and objectives of the Society, and to develop a three-year strategic plan. The result was a comprehensive set of goals to guide the Board and serve members. The following were determined as priority objectives:

**Build the Investment Management Profession**
Build brand recognition among investors and employers to increase understanding of the benefit and value of hiring a CFA charterholder.

**Deliver Member Value**
Deliver value to members and a broader, more diverse group of professionals.

**Develop Candidates and Future Professionals**
Develop future professionals through increased candidate support, university outreach and engagement opportunities.

**Infrastructure**
Develop a board of strategic leaders supported by professional staff and committees of engaged volunteers.

The Board welcomes new volunteers willing to share their skills for a single event or for ongoing support. There are many skilled and experienced members in the CFA Society Hartford; we encourage you to become a volunteer and share your skills.

The Board plans to hold another comprehensive strategic planning session in 2021.
