"Value Investing is at its core the marriage of a contrarian streak and a calculator." - Seth Klarman

To be a successful Value Investor, you have to think differently and you have to be right. Jim Grant said, "Successful investing is having everyone agree with you...later." At the 3rd VALUE INVESTING PIONEERS SUMMIT, we have invited some of the most respected and successful Value Investors of India. They have walked their own path with conviction, and eventually everyone agreed with them ...later. All of them are true contrarians and pioneers in the Art and Science of Value Investing.

We welcome you to the 3rd VALUE INVESTING PIONEERS SUMMIT to learn from these stalwarts, as they show us the path by sharing their experiences & mistakes from a lifetime of learning. However, in order to gain wisdom, we have to walk the path ourselves. We invite all of you to join us in this pursuit of wisdom.
