Enterprise Debt Market in India: New Frontiers
Speaker: Vineet Sukumar

We are pleased to announce the upcoming speaker event in Chennai “Enterprise Debt Market in India: New Frontiers” on January 10, 2020 by Vineet Sukumar, Founder and Managing Director, Vivriti Capital.

The enterprise finance market in India is still evolving as compared to other emerging countries and access to debt is skewed towards a limited set of larger and higher rated entities. What is needed is ways to allow issuers of all sizes to raise debt capital across their institutional lifecycle, through multiple products and from a diverse set of investors. Driving efficiency through transparency will be a key determinant of how the challenging but exciting enterprise debt market in India will grow in the future.

Vivriti Capital’s CredAvenue is an enterprise debt platform that leverages technology in linking issuers and investors of debt capital in the most efficient manner. Within a short span of its launch, it has facilitated INR 20,000+ crores of debt transactions across 950+ deals.

In this session, Vineet Sukumar, Founder and Managing Director of Vivriti Capital will talk about various facets of the enterprise debt market in India – how technology is forging new frontiers, the challenges and opportunities in this space, recent events and how this space has evolved in the past.

ABOUT THE SPEAKER:

Vineet is the Founder and MD of Vivriti Capital, a marketplace for enterprise debt. Vivriti, as an NBFC has a loan book of INR 850 crores and has also successfully launched a Category 2 AIF. Prior to Vivriti, Vineet led the capital markets, fund management, finance, and treasury functions at Northern Arc. Vineet was instrumental in raising USD 7.5 billion of debt for its clients, as well as taking the company’s own balance sheet to INR 450 million. Earlier, he led key institutional relationships at Standard Chartered Bank and worked with Tata Administrative Services. He holds a MBA from IIM, Bangalore and BE from IIT, Kharagpur.
