## CPD committee (new)

---

A new CPD committee will play a vital role in the design and review of the Continuing Professional Development (CPD) program of CFA Society VBA Netherlands.

Would you like to help us develop the CPD program and play a key part in monitoring the quality of the program and do you fit the profile? Please contact Anne-Marie Munnik (020-618.28.12 or [annemarie.munnik@cfavba.nl](mailto:annemarie.munnik@cfavba.nl)) for further information or to express your interest. As this is a new committee you will have the opportunity to help us create it and have an impact on our society!

### **What are the objectives of the CPD committee?**

The CPD committee advises on the annual CPD programming of CFA Society VBA Netherlands to ensure that it delivers value to all member groups and that it meets the requirements for knowledge and competence under MiFID II and our local professional and competence profile. In addition, the CPD committee oversees the quality of the programming.

The CPD Committee has a *Design, Review and Advisory* role.

Specific responsibilities are

- Develop a multi-year strategic plan, as well as set the focus on themes and required components (a.o. themes, delivery methods) for the annual CPD program for the next financial/calendar year. In developing this plan, the CPD committee consults stakeholders with regards to the themes and subjects that need to be included.
- Continuous review of the CPD program in the light of market developments, regulation and gaps in content.
- Evaluation of programming, quality, number of events, written content, topics and relevancy for all member groups. Based on these evaluations, the CPD committee suggests changes in the format of events, the way education content is provided etc.
- Advise and report to the board on an ad-hoc basis.

Meeting frequency will be 3-4 times a year.

### **Profile of committee members**

The committee will have three to five members with the following competencies and skills as a whole:

- Experience in and/or awareness of education from different perspectives (f.i. in teaching, HR, program development)
- Broad view on the investment industry, impact of regulations and a feel for future developments
- Understand the inner workings of the society and in particular the educational platform and goals
