

### **Real Estate Committee**

This committee wants to increase and disseminate the level of knowledge regarding real estate as an investment category within CFA Society VBA Netherlands. She also tries to increase the level of knowledge about financial markets within the real estate world. To this end, seminars and round table meetings are regularly organized.

Focus areas are the promotion of professionalism and transparency, the knowledge development of real estate as an investment category and of the various (in) direct investment forms. Central subjects are the trends and risk / return profiles within the various sectors of the real estate market and the strategic significance of real estate.

The committee also endeavors to exchange knowledge and information with interest groups, such as VOGON, INREV, EPRA, IVBN, NAREIT, OPF and PVK and NCREIF.
