

How to remain MiFID II compliant?

We can help.

vba

How we can help employers

CFA Society VBA Netherlands offers the **MiFID II stay compliant program**, aimed at keeping the professional competence of your staff up-to-date. According to MiFID regulations, the professional competence of investment professionals must be maintained, updated and assessed on an annual basis. We have developed built-for-purpose education material that will ensure that your staff, upon successful completion, meets the MiFID II requirements. The **MiFID II stay compliant program** will be modified each year in order to ensure that it covers new subjects as prescribed by the market and the regulator. The study material as well as the test questions will be available online and in English, allowing your international staff members who need to comply with the MiFID II regulations to enjoy the same access and benefits as their Dutch colleagues. This program is free for members of CA Society VBA Netherlands, but is also available to non-members for an attractive price.

CFA Society VBA Netherlands is accredited by DSI. This means that upon successful annual completion of our **MiFID II stay compliant program**, your staff members will demonstrably meet local regulatory requirements. Your staff can participate in the stand-alone **MiFID II stay compliant program**, or they can opt to enroll for membership in our society; the program is included in their membership benefits.

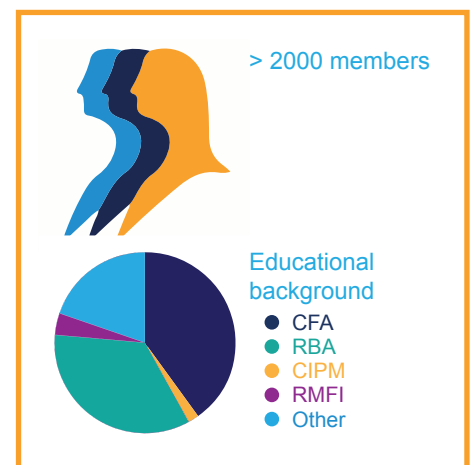

A society for all investment professionals

CFA Society VBA Netherlands is the oldest and largest member association for investment professionals in the Netherlands. Our members have a diverse educational background. ACFA or RBA designation is not required to become a member.

Our mission is to contribute to the advancement and stability of the investment community by setting standards, raising ethics, improving competence and sharing knowledge - all without a profit motive.

A membership offers more advantages:

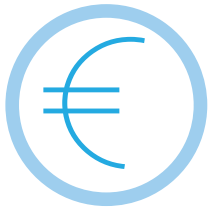

- Access to a large international network of more than 2000 investment professionals in the Netherlands and around 175,000 worldwide
- Online registration and administration - simple and accessible
- Access to a large database with high-quality online content, webinars and research
- Access to events and meetings, for free or at a sharply reduced price
- Participation in active committees and task forces within our society
- Free subscriptions to VBA Journaal and Financial Analyst Journal, with articles on the latest investment trends and interesting research

Lifelong learning = remaining relevant

In the highly competitive and constantly changing investment sector, reliable and up-to-date expertise is essential for investment professionals. Lifelong learning helps us to better serve our clients and remain relevant. We support and encourage our members to continuously update their education and to comply with MiFID II regulations on knowledge and competence.

Leave everything to us

The choice is yours: the program on its own or combined with membership

- the **MiFID II stay compliant program** may be joined on a stand-alone basis for an attractive annual fee, or
- enjoy the **MiFID II stay compliant program** and other benefits for free, as part of your membership

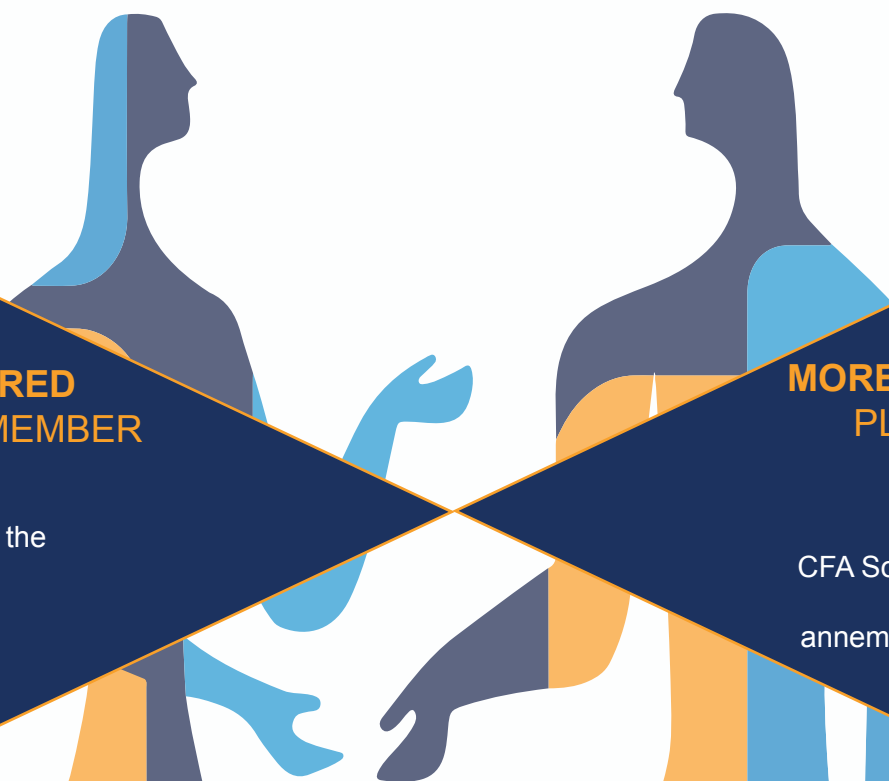

High quality education program

- our society has a great deal of experience in educating investment professionals and in keeping expertise up-to-date
- upon successful completion of the **MiFID II stay compliant program**, the regulator will consider your staff demonstrably MiFID II compliant

Accessible online

- simple and online registration and administration
- both Dutch and international staff can remain MiFID II compliant by following the program online
