Winners of the EMEA regional CFA Research Challenge

10.05.2017 BI student team won the EMEA regional CFA Research Challenge in Prague on 27th of April and proceeded to be among the four teams at the global competition

From left: Michael Anderson (industry coordinator), Anastasiia Filchenko (team member), Damiano Maggi (team member), Tilen Višnjevec (team member), João Pancada (team member), Janis Berzins (faculty advisor) and Anders Sjøstad (industry mentor)

- This is quite an amazing accomplishment for our MSc students considering they were against teams from about 80 countries and over 1000 universities. At the global competition, our team presented the case very well and remained the runner – up along the other two teams, says Associate professor Janis Berzins at the Department of Finance.

CFA Research Challenge is a competition between teams of 3-5 students, where each team works with a professional mentor to research and prepare an equity research report on a publicly traded company (DFDS for our team). The teams submit a report and meet for a presentation. Based on the report and the presentation a panel of industry professionals award a winner. Local champions advance to the regional and then global final.

The BI team consists of four M.Sc. students, Anastasiia Filchenko, Damiano Maggi, João Pancada, Tilen Višnjevec. The industry mentor is Anders Sjøstad, the industry coordinator is Michael Anderson, and CFA organizing representative is Ryan El Housseini.

Associate professor Janis Berzins advised the team on the report, the presentation, and went with the team to the competition in Copenhagen and Prague.
