

Job Title: Global Financials Analyst
Location: San Francisco, CA

Description: Global financial services analyst needed for 10-person global equity asset management team in San Francisco. Candidate must be entrepreneurial, detailed fundamental analyst, equally concerned with earnings growth and valuation. The ideal candidate will have particular expertise in European financial services, and speak one or more foreign languages. CFA and/or MBA preferred. 5 or more years experience ideal. Team has superb distribution and is part of a large financial services firm but operates independently. Compensation will consist of a base salary and participation in both direct team revenue and firm-wide profit sharing plans. Interested candidates should send a resume and cover note. Initial interviews will be conducted by the recruiter.
