

As one of Canada's Best Managed Companies for 16 consecutive years, Concentra prides itself on fostering employee engagement and a workplace of openness and respect.

Concentra is Canada's leading provider of wholesale banking and trust solutions to credit unions from coast to coast. With deep co-operative roots, Concentra is focused on creating value for the credit union system. We partner with credit unions to ensure over five million Canadian members can choose competitive financial services from their local credit union.

Concentra Trust – a wholly-owned subsidiary – has been delivering estate and trust services nationwide for over 65 years.

Concentra employees enjoy a competitive total rewards package and flexible work environment. We are looking for a results oriented individual to join our team in our Regina, Saskatoon, Surrey or Toronto office location, or from your home office environment.

Analytics Analyst

(Full-time, 18 month term)

Key Outcomes:

The Analytics Analyst is responsible to conduct analysis to facilitate fact based, informed decision making and integration of risk-based management throughout the Bank. This position manages relationships to support the delivery of information, analysis, and reporting to various users throughout the Bank including management, committees, and the Board of Directors.

The Analytics Analyst is responsible to provide analysis to support the management of the balance sheet and financial performance of the organization, which includes assisting in the development, compilation and monitoring of key performance indicators in addition to other pertinent management reporting and analysis, as well as preparing data for reporting and modeling purposes. This position is also responsible for providing timely reporting of information to facilitate informed business decisions, and measuring various aspects of corporate risk and compliance by assisting in the reporting, identification, assessment, and analysis of operational risk inherent in products, activities, processes, and systems.

Qualifications:

- Completion of an undergraduate degree in Commerce/Business Administration, Computer Science or an equivalent combination of education and experience
- Pursuit of a professional designation or degree in a quantitative discipline, finance, or accounting would be considered an asset
- Three years of experience in an accounting, analytics, financial planning & analysis, or business partner role
- Knowledge of the credit union system and/or financial services sector would be an asset

Applications for this opportunity accepted until end of day **June 28, 2021**.

To apply, please visit our Career page at www.concentra.ca

At Concentra, our goal is to achieve a workforce as diverse as the people we partner with. We encourage all members of the designated groups; aboriginal people, persons with disabilities, women, visible minorities and others to join our team. Concentra strives to provide a safe and respectful work environment free of discrimination and harassment and is committed to an inclusive, barrier-free recruitment and selection processes.

We thank all applicants for their interest, however, only those selected for an interview will be contacted.
