PAST INITIATIVES

March - International Women's Month

The "Ring the Bell for Gender Equality" initiative is a partnership between the International Finance Corporation, the Sustainable Stock Exchanges initiative, UN Global Compact, UN Women, the World Federation of Exchanges and Women in ETFs.

These organisations encourage stock exchanges globally to participate in bell-ringing events to raise awareness about the business case for women's economic empowerment.

CFA Society South Africa partnered with the Botswana Stock Exchange, Namibian Stock Exchange and Lusaka Securities Exchange to host bell-ringing events/ceremonies in support of this global initiative, and in support of gender diversity and sustainability in the finance and investment industry.
