CFA INSTITUTE ASSET MANAGER CODE

Many companies have their own conduct standards in place to guide their work, but it can be difficult for clients to compare different codes and identify key differences in the company's level of commitment toward protecting their interests. Rather than evaluating each company's code of conduct separately, clients can use the CFA Institute Asset Manager Code to quickly identify companies that commit to a common foundation of ethical principles.

We are delighted to have 3 new companies who now comply with the CFA Institute Asset Manager Code

Allan Gray Group Proprietary Limited
Integre Investment Management (Pty) Limited
Wealth Associates Asset Management

Review your company's Asset Manager Code and join other South African companies who comply with the CFA Institute Asset Manager Code.
