Dear Member

CFA Society South Africa is delighted to host its annual investment conference, *Disruption in Africa* on the **25th of July 2019** in **Johannesburg at the Maslow Hotel, Sandton.**

Disruption is taking place everywhere and it seems there is nowhere left to hide. It is affecting almost every aspect of our daily lives and business. Disruption is typically associated with technological advances however, the impact of shifting demographics, economic policy and political dynamics will also be important in coming years.

Against this backdrop the agenda and speakers will explore how this may impact Africa and consider how we can adapt or, rather, benefit from these various trends by seeking out how to be 'Antifragile' in a changing world.

The speaker line-up includes;

The Future of Investment Management

Dr Ronald Kahn, Managing Director Global head of scientific equity research, Blackrock .

Capturing opportunities in Global Bonds- an unconstrained approach.

Marilyn Watson, Managing Director, Head of the Global Fundamental Fixed Income Strategy Team, within BlackRock's Global Fixed Income group

Straight from the horse's mouth

A compelling conversation between **Wendy Addison**, Whistleblower for LeisureNet Ltd, aka 'South Africa's Enron' and **Kweku Adoboli**, jailed Bank Trade Violator for UBS Bank, London.

...and more speaker announcements to follow. **Register now** for this CPD Programme event and take advantage of your member and early bird discount .
